For Blank magnetic recording media, namely, sound recording disks; pre-recorded compact disks, DVDs featuring music; mechanisms for coin operated apparatus; cash registers, calculating machines; data processing equipment, computers; software for use in database management and electronic storage of data; fire extinguishers; abacuses; particle accelerators; acid hydrometers; scientific angle measurement devices, namely, azimuth instruments; connections for electric lines; acoustic couplers; couplers, namely, data processing equipment; actinometers; electric accumulators; disk cleaning apparatus for sound recorders; aerometers; electronic agendas; surveying instruments; electro-dynamic apparatus for the remote control of railway points; needles for record players; air analysis apparatus; stills for laboratory experiments; anti-intrusion alarms; anti-theft warning apparatus; fire alarms; sound alarms; alcoholmeters; fuse wire; mouse pads; alidades; diagnostic apparatus for testing food; loudspeakers; altimeters; asbestos clothing for protection against fire; ammeters; enlarging apparatus photography, namely, projection apparatus; amplifiers; testing apparatus for, concrete, computer components, metal strength, not for medical purposes; anemometers; calibrating rings, namely, industrial calibration sensors; anodes; antennas; surveyors' levels; anticathodes; electronic cathodic anti-corrosion apparatus, namely, anodes for the prevention of electrolytic corrosion; electronic anti-interference devices, namely, anti-glare spectacles; electric theft prevention installations; GPS (global positioning systems); data processing apparatus; X-ray apparatus not for medical use; X-ray producing apparatus and installations, not for medical use; optic apertometers, namely, instruments for measuring the angular and numerical aperture of the objective lens of a microscope; downloadable music files; electrical distribution boxes; safety restraints, other than for vehicle seats and sports equipment; asbestos gloves for protection against fire accidents; apparatus and instruments for astronomy, namely, spectrographs; headphones; telephone receivers;

scales; precision balances; lighting ballasts; luminous beacons; luminous or mechanical road signs; life-saving rafts; laboratory trays; fire boats; barometers; weighing machines, namely, weighbridges; fire beaters, namely, sprinklers and fire-extinguishers; acid hydrometers for batteries; anode batteries; batteries for lighting; electric batteries for vehicles; plates for batteries; betatrons; binoculars; electric coils; holders for electric coils; electromagnetic coils; speaking tubes, namely, megaphones; bags specially adapted for portable computers; fire engines; flashlights for photography; electrical wire connectors; multi-functional electronic payment terminals; push buttons for electric door bells; reference buoys, namely, navigational buoys; signalling buoys; tone arms for record players; identification threads for electric wires; directional compasses; marine compasses; spirit levels; coaxial cables; battery starter cables for use with motors and engines; fiber-optic cables; electric cables; surveying chains; eyeglass chains; cabinets for loudspeakers; accumulator boxes; electricity branch junction boxes; switchboxes electricity; electricity junction boxes; petri dishes; containers specially adapted for microscope slides; automated teller machines, namely, ATMs; electrically heated socks for protection calculators; boiler control instruments; level and cross beam depth gauges; calipers for measuring trees; shoes for protection against accidents, irradiation and fire; cinematographic cameras; decompression chambers; cameras for photography; jukeboxes for computers; signal bells; protective masks for workers; solderers' helmets; battery chargers; chargers for electric batteries; spools photography equipment in the nature of cameras; video game cartridges; riding helmets; protective helmets; protective helmets for sports; telescopes; cathodes; galvanic cells; photovoltaic cells; laboratory centrifuges; electric locks; bullet-proof vests; life jackets; chips, namely, integrated circuits; DNA chips; cyclotrons; editing appliances for cinematographic films; blank magnetic tapes for tape recorders and computers; demagnetizing apparatus for magnetic tapes; sound recording strips, namely, pre-recorded sound recording strips featuring music; head cleaning tapes for audio and video recorders; life belts; printed circuits; integrated circuits; gradient indicators, namely, level indicators; insulated copper wire; magnetic encoders; bar code readers; electric collectors in the nature of photovoltaic cells; comparators; measuring instruments, namely, magnetic compasses; laptop computers; condensers and capacitors; optical condensers; electricity ducts; materials for electricity mains, namely, wires and cables; electric conductors; acoustic conduits; electricity conduits; electricity connectors; electric apparatus for commutation; switches, namely, commutators; converters; safety traffic cones; electricity distribution consoles; electric contacts; meters for measuring electricity; answering machines; electrical controllers; speedometers for vehicles; apparatus to check franking, namely, telemeters; remote controls for telemeters; electric installations for the remote control of industrial operations; electro-dynamic apparatus for the remote control of signals; laboratory cupels; eyeglass cords; straps for mobile telephones; measuring instruments, namely, telemeters; cosmographic instruments, namely, radio and zenith telescopes; dressmakers' tape measures; circuit closers; galena crystals sensors for use in electronics; chromatography apparatus for laboratory use; chronographs, namely, time recording apparatus; darkroom photography lamps; photography washing trays for use in developing photos; measuring spoons; thread counters in the nature of screw-thread measuring machines; kilometer recorders for vehicles, namely, odometers; tire revolution counters; measuring apparatus for measuring the thickness of leather; densimeters; densitometers, namely, electronic spectrophotometers for use in identifying and measuring colors; distillation apparatus for scientific use; carbon dioxide detectors; detectors for counterfeit and false coins; smoke detectors; metal detectors for industrial or military use; electro-acoustic diaphragms, namely, transducers that vibrates to receive or produce sound waves; photography diaphragms, namely, mechanical device in a camera that controls size of aperture of the lens; photographic transparencies; centering apparatus for viewing photographic transparencies; pre-

recorded CDs and DVDs featuring animated cartoons; dictaphones; microscopes for diffraction apparatus; dynamometers; money counting and sorting machines; light-emitting diodes or LEDs; blank DVDs for recording sound; audio video compact disks featuring music; calculating disks, namely, calculators; blank magnetic disks; illuminated reflecting disks for clothing, for the prevention of traffic accidents; shutter releases for cameras; blank floppy disks; distance measuring apparatus; electronic parking, lottery, and admission ticket dispensers; circuit breakers; machines for dispensing pre-determined dosages of medication; marine depth finders; electrolyzers; transmitters of electronic signals; electric couplings; electric igniting apparatus for igniting vehicles at a distance; electrical instruments and machines for testing compression, strength, hardness and tensile characteristics of industrial materials; epidiascopes; weighing equipment, namely, balancing apparatus; ergometers not for medical purposes ; diving suits; fire escape ladders; navigation equipment, namely, sounding leads in the nature of lead weights at the end of sounding lines; data processing equipment, namely, scanners; power-operated equipment drainers for use in photography; spherometers; spectrograph apparatus; mirrors for inspecting work; scientific and technical apparatus, namely, mirrors optics; scientific and technical apparatus for measuring the thickness of skins, not for medical purposes; drying racks photography; stereoscopic apparatus, namely, stereoscopes; stroboscopes; cases fitted for microscopy dissecting instruments; cases especially made for photographic apparatus and instruments; spectacle cases; cases for contact lenses; cases for pince-nez; electronic tags for goods; temperature indicator labels not for medical use; measuring apparatus, namely, meters for checking exposure to light; fire blankets as fire extinguishers; automated invoicing machines for processing account information; facsimile machines; apparatus for fermentation for laboratory use; fiber optic filaments for conducting light; laboratory instruments, namely, filters for ultraviolet rays, for photography; filters for photography; filters for respiratory masks; flash-bulbs for photography; blueprint apparatus; photocopiers; thermal electrostatic photocopying machines; glazing apparatus for photographic prints; drying apparatus for photographic prints; photometers; frequency meters; identification sheaths for electric wires; sheaths for electric cables; laptop carrying cases; fuses; goggles for sports; sunglasses; optic spectacles; jiggers as measuring instruments; galvanometers; gas testing instruments; gasometers as measuring instruments; surveying apparatus and instruments; meteorological balloons; sound recording apparatus; media for recording sound; video recorders; marking gauges for joinery purposes; protective gloves for divers; gloves for protection against accidents; gloves for protection against X-rays for industrial purposes; heliographic apparatus; hydrometers; hygrometers; electric wires; magnetic wires; telephone wires; telegraph wires; hologram apparatus; furnaces for laboratory use; magnets; decorative magnets; computer printers; incubators for bacteria culture; automatic indicators of low pressure in vehicle tires; quantity indicators, namely, measuring apparatus in the nature of bevels, angle finders and laser distance meters; gasoline gauges; measuring apparatus, namely, indicators for loss of electricity; temperature indicators; speed indicators; water level indicators; armatures for use in electric apparatus; electrical inductors; intercoms; interfaces for computers; fitted carriers for photographic dark plates; electric switches; electrical inverters; scientific and laboratory equipment, namely, ionization apparatus not for the treatment of air or water; surveying instruments, namely, leveling staffs; hands free kits for telephones; lactodensimeters; optical lamps; darkroom lamps for photography; fire hose nozzles; visual display units, namely, electronic pens; lasers, not for medical use; cassette players; compact disk players; DVD players; data processing equipment, namely, data readers; optical character readers; correcting lenses optics; contact lenses; instruments containing eyepieces; optical lenses; eyeglass lenses for correcting lenses; lens hoods; neon signs; luminous signs; mechanical signs; electricity limiters; signal lanterns in

the nature of magic lanterns; magic lanterns; safety tarpaulins; signaling lights, namely, blinkers; optical magnifying glasses; tape recorders; wind socks for indicating wind direction; fire hoses; junction sleeves for electric cables; crash test dummies; mannequins as teaching apparatus in the field of resuscitation; pressure gauges; fire blankets; hemline markers in the nature of graduated rulers; frames for photographic transparencies; digital photograph frames; divers' masks; protective masks; respiratory masks, for non-medical purposes; mathematical instruments, namely, calculators; measuring apparatus, namely, clamp meters for measuring electricity; apparatus for measuring electricity; measuring instruments, namely, graduated rulers; speed measuring apparatus as part of photo cameras; megaphones; computer peripherals, namely, memory devices; USB flash drives; automatic liquid-level control instruments, namely, mercury levels; meteorological instruments; metronomes; graduated rulers as measuring instruments; microphones; microprocessors; microscopes; microtomes; sighting telescopes for firearms; peepholes as magnifying lenses for doors; furniture especially made for laboratories; modems; monitors as computer hardware; spectacle frames; eyeglass frames; breathing apparatus for underwater swimming; navigation apparatus for vehicles, namely, on-board computers; satellite navigational apparatus, namely, global positioning systems; leveling instruments, namely, level gauges; levels instruments for determining whether something is completely horizontal; verniers, namely, calipers for measuring; lenses for astrophotography; optics, namely, objective lenses; boards for integrated circuits; lens shutters for photography; octants; protective eyepieces; punched card machines for offices; ohmmeters; wavemeters; computers; notebook computers ; laptops; oscillographs; egg-candlers; ozonizers; horns as loudspeakers; micrometer gauges; luminous or mechanical sign panels; asbestos screens for firemen; projection screens; video screens, namely, projection screens; fluorescent screens; screens for photo-engraving; radiology screens for industrial use; spark-guards for protection; lightning conductors in the form of rods; parking meters; film-cutting apparatus for editing photo films; exposed cinematographic films; exposed X-ray films; exposed photographic films; computer peripheral devices; periscopes; letter scales; weighing apparatus and instruments; weighing machines; lactometers; test weights; slide calipers; stands for photographic apparatus; electric batteries; galvanic batteries; solar batteries; autopilots in the nature of electronic automatic controls for adjusting, steering, and keeping course; nose clips for divers and swimmers; pipettes; pyrometers; surveying instruments, namely, plane tables; planimeters; plumb lines; plumb bobs; plotters; pedometers; polarimeters; masts for wireless aerials; pressure measuring apparatus; mechanisms for coin-operated apparatus; prisms for optics purposes; laboratory equipment, namely, test tubes; processors as central processing units; pre-recorded computer operating software; pre-recorded computer programs for use in database management and in electronic storage of data; downloadable software for use in database management and in electronic storage of data; voltage surge protectors; teeth protectors, namely, mouth guards, not for athletic use; screen projectors; slide projectors; apparatus for changing record player needles; magnetic encoded identification bracelets; light-emitting electronic pointers; pince-nez; radar apparatus; radios; vehicle radios; radio pagers; X-ray photographs, other than for medical use; radiotelephony sets; walkie-talkies; radiotelegraphy sets; electrified conductor rails for mounting spot lights; computer mice for data processing equipment;X-ray apparatus not for medical use; protection devices against X-rays, not for medical purposes; choking coils for impedance for use in electrical apparatus; audio and video-receivers; measuring glassware; current rectifiers; nets for protection against accidents; life nets; electric cell switches; refractometers; refractors, namely, refractometers; measuring apparatus, namely, distance recording apparatus; pressure indicators; time recording apparatus; slide-rules; carpenters' rules; graduated rulers; electric controllers in the nature of regulators for stage lighting; speed regulators for record players; voltage regulators for vehicles; grids for batteries; electric relays; egg timers; sandglasses; time clocks as time recording

devices; rheostats; wrist rests for use with computers; sound reproduction apparatus; personal stereos; portable media players; electric resistors; respiratory masks for filtering air; retorts for use in high temperature chemical reactions; sprinkler systems for fire protection; musical jukeboxes; protective knee-pads for workers; balances, namely, steelyards; clothing especially made for use in laboratories; clothing for protection against fire; screw-tapping gauges; saccharometers; salinometers; life buoys; satellites for scientific use; railway traffic safety apparatus; traffic-light apparatus signaling devices; semi-conductors; non-explosive fog signals; luminous or mechanical signals; sextants; signal whistle as alarms; signaling whistles; dog whistles; training simulators for the steering and control of vehicles; sirens; computer game software; sonars; sounding lines; ultrasound probes for scientific use; sound transmitting apparatus; sound locating instruments; blank magnetic data-recording media; stands for use with retorts that are for use in high temperature chemical reactions; sulphitometers; adding machines; switchboards; electric power-distribution board; electronic notice boards; tachometers; covers for electric outlets; ear plugs for divers; pressure indicator plugs for valves; printed circuit boards; smart cards as integrated circuit cards; encoded magnetic cards; magnetically encoded identity cards; taximeters; computer keyboards; teleprompters; telephone apparatus; telephone transmitters; mobile telephones; photo-telegraphy apparatus; telegraphs; range finders; teleprinters; television apparatus, namely, television receivers; coin-operated mechanisms for television sets; automatic time switches; theodolites; thermometers not for medical use; heat regulating apparatus, namely, thermostats; thermostats for vehicles; warning bells; electric alarm bells; electric door bells; record players; downloadable ringtones for mobile telephones; micrometer screws for optical instruments; totalizators, namely, calculators; clectronic pocket translators; clothing for protection against accidents, irradiation and fire; protective suits for aviators; suits for protection against fire; screens for photoengraving; electricity transformers; step-up transformers; electronic transistors; sound and image transmitters for telecommunication; transponders; protractors as measuring instruments; vehicle breakdown warning triangles for safety purposes; triodes; tripods for cameras; amplifying tubes; laboratory instruments, namely, capillary tubes; electric discharge tubes other than for lighting; Pitot tubes; X-ray tubes, not for medical purposes; radio vacuum tubes; thermionic tubes; magnetic tape units for computers; disk drives for computers; urinometers; vacuum gauges; electrified fences; solenoid valves as electromagnetic switches; electric light regulators, namely, dimmers; rods for water divers; variometers; accumulator jars; video cameras, blank video tapes; video telephones; glass covered with an electrical conductor; optical glass, namely, glass lenses for eyeglasses; electric monitoring apparatus for monitoring energy useage; viscosimeters; anti-dazzle shades, namely, anti-glare screens for computer monitors; photographic viewfinders; voltmeters, voting machines; electric buzzers

MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of the words "NUTRI JUGO", with "NUTRI" stacked on top of "JUGO", in white letters bordered in dark green, superimposed on an irregular, dark green quadrilateral bordered in yellow and dark green. A dark red banner with the word "ARÁNDANO" in white script appears below the quadrilateral. This logo is superimposed on a dark red background, fading to light red at the bottom. A stylized image of two hills, rendered in light green and medium green stripes, appears below the light red area. A group of red cranberries and medium green leaves appears below the green hills; the cranberries are shaded in white to suggest roundness. Some of the cranberries have brown stems. A white cartoon cow with black spots, pink ears, a pink udder, and brown horns and hooves appears above the cranberries and to the right. The cow is wearing a yellow bell around the neck with the name "PILI" appearing in brown. A medium red square with indented sides and a yellow border is superimposed on the cranberries on the left side with a gray circular design appearing in the top center of the square. A dark green rectangle appears in the bottom left corner. The upper right corner of the rectangle is rounded. **Color Drawing** Yes **Color Claimed** The color(s) gray, dark green, medium green, light green, dark red, medium red, light red, yellow, pink, brown, white, and black is/are claimed as a feature of the mark. **Disclaimer** "JUGO" AND "ARÁNDANO" **Translation** The English translation of "JUGO" and "ARÁNDANO" in the mark is "JUICE" and "CRANBERRY".
