MARK INFORMATION

Standard Character Claim No **Mark Drawing Type** 3 - AN ILLUSTRATION DRAWING WHICH INCLUDES WORD(S)/ LETTER(S) **Description of the Mark** The mark consists of a stylized drawing of three pet housing units, two of which are on the bottom and one being placed directly above the left unit. To the right of the upper unit, where a fourth unit would be, is the literal element "CATTY STACKS" in stylized black font which is outlined in light blue, with "CATTY" above "STACKS". The pet housing units are all octagonal in shape, brown in color, and the outer edges are outlined in black. Inside each of the lower two units is a white dotted line in a circular pattern and within the circular dotted line is an inner brown circle within which is smaller solid white circle. The upper left unit also has a white dotted line which is circular in shape and the inside of which is brown; however, the right side of the dotted circular pattern and inner brown circle are obscured by the head of a cat and cat tail, which are both outlined in black and are emerging from the center of the unit. The cat head has two pointy ears, with the right ear, just inside the black outline, being light yellow, then a small outline of yellow and the center being dark yellow and the left ear being light yellow on the upper right side inside the black outline of the ear, then yellow just under the light yellow and around the left edge of the ear and the center being dark yellow. The inner dark yellow of each ear is defined by black outline. The cat face is primarily yellow with the upper and right edges being light yellow and the lower left and bottom edges being dark yellow. The bulging eyes are defined by black outline with the outer right edge of each eye being white and the inner eye being light blue with a black dot for the pupil of each eye. Above each eye is small black raised eyebrow. The nose and muzzle are outlined in black, with the nose being triangular in shape and orange in color with the upper and right edges of the nose being defined by a white arc just inside the black outline and next to the orange triangle. The muzzle is beige with the lower edges and inner left edge of the right side of the muzzle being tan in color. The muzzle has three black whiskers on each side, with those on the right crossing into the "C" of "CATTY". Directly beneath the nose and muzzle is a toothy smile which is white in color and the edges and teeth of which are outlined in black. The far left and upper edges of the teeth in the cat's smile are light blue in color. Next to the left ear is a tail which is outlined in black and is yellow in color with the bottom edge as it

curves, being dark yellow in color. The tail curves up and over the cat's head, then curves slightly downward and then up again as it ends just above the "TT" in "CATTY". Except as noted, white is not a color but is a transparent background. **Color Drawing** Yes **Color Claimed** The color(s) brown, light yellow, yellow, dark yellow, beige, tan, light blue, orange, black, and white is/are claimed as a feature of the mark. **Disclaimer** "STACKS"
