An examining attorney must review the amendment to determine whether the proposed change(s) is acceptable. Also, you may submit a Voluntary Amendment for an application filed under the Madrid Protocol (Section 66(a)) only for <u>limited purposes</u>.

If making additional information part of the record for a registration where no change would result to either the Trademark Database or the registration certificate (e.g., providing information concerning use by a related party or specifying the dates of use for specific goods/services within a class), the USPTO will neither examine nor act on such submissions. Otherwise, if you wish to correct or amend information that is on the registration certificate, do **not** use this form; instead, you must file a Section 7 Request for Amendment or Correction of Registration Certificate.

*Listing of Goods/Services/Collective Membership Organization

[NOTE: Do not enter a Class or any other code in the field below. You must enter only the common commercial name for the specific goods/services/nature of the collective membership organization associated with the mark. Also, do not include any html or other programming code or language that may create links in the listing of goods/recitation of services/description of the collective membership organization]. For more information about acceptable language for the goods/services, see the USPTO's on-line Goods and/or Services Manual. If entering multiple listings of goods/services, please separate with a semi-colon (;), NOT a comma.

While you may modify the current listing to clarify or limit the goods/services/nature of the collective membership organization or to remove goods/services, you may NOT at this point ADD to, or BROADEN, the goods/services/nature of the collective membership organization. A new filing would be required to cover any new goods/services or broadening of the nature of the collective membership organization not within the scope of the current identification.

WARNING: Registration Subject to Cancellation for Fraudulent Statements

Statements made in filings to the USPTO must be accurate; inaccuracies could result in the cancellation of a trademark registration. For example, an owner's/holder's lack of a bona fide intention to use the mark with all goods/services included in an application, or the lack of use on all goods/services for which use is claimed, could jeopardize the validity of the resulting registration.

Filing Basis Section 1(a), Use in Commerce: For all applications: The mark is in use in commerce and was in use in commerce as of the application filing date. The provided specimen shows the mark in use in commerce (see specimen statement below). For a collective trademark, collective membership mark, or certification mark application: The applicant is exercising legitimate control over the use of the mark in commerce as of the application filing date. For a certification mark application: The applicant is not engaged in the production or marketing of the goods/services to which the mark is applied, except to advertise or promote recognition of the certification program or of the goods/services that meet the certification standards of the applicant. WARNING: If you filed your original application under Section 1(b), Intent to Use, do not use this form to submit dates of use and a specimen, unless responding to a specimen issue created by an already filed Allegation of Use. Otherwise, you must file the specific Allegation of Use form (Statement of Use/Amendment to Allege Use). Filing an Allegation of Use is not a proper response to an Office action.

The signatory being warned that willful false statements and the like are punishable by fine or imprisonment, or both, under

18 U.S.C. §1001, and that such willful false statements and the like may jeopardize the validity of the application or submission or any registration resulting therefrom, declares that all statements made of his or her own knowledge are true and all statements made on information and belief are believed to be true.

At this time, the applicant has another basis for registration (Section 1(a) or Section 1(b)) and does NOT intend to rely on Section 44(e) as the basis for registration, but is only asserting a valid claim of priority.
