Subject: Letter of Protest Fee
Date: Monday, September 30, 2019 11:23:48 PM

To Whom It May Concern:

Please reconsider charging a fee for filing a letter of protest. The proposed \$100 fee is cost prohibitive for small businesses and individuals trying to protect their brand copyright or trademark. Instead, consider an added fee for those filing frivolous claims. A lot of work goes into filing a formal letter of protest to prove the legitimacy of the protest. A fee would increase the burden.

Thank you for considering my request for drop the proposed fee or file a letter of protest.

Sincerely,

Monica Watson
